About This School

Haven Academy is the first and most advanced school specifically designed for children in foster care and the child welfare system. In the absence of traditional public schools that could fully respond to the unique needs of child welfare-involved youth, Haven Academy partnered with The New York Foundling in 2008 to become the first effort of its kind in the country. Haven has grown to serve students in PreK - 8th grade in a trauma-sensitive educational environment that addresses and reduces the barriers to academic success. 100% of our scholars are resilient, resourceful, and independent leaders of tomorrow.

About the NYC School Survey

The NYC School Survey is administered every year to students in grades 6-12 and to families and teachers of children in grades K-12. The survey is designed to collect information about each school's ability to support student success.

Survey Response Rates

Response rates show what percentage of the school community actually completed the survey. Higher response rates tell us that the results of the survey reflect the views of a larger portion of the group surveyed.

Families (not including Pre-K): 63% (290 surveys submitted)
Teachers: 85% (34 surveys submitted)
Students: 86% (130 surveys submitted)
